I have written this book with the goal of providing a low-cost, but quality alternative to the typical course textbook.

To read the book with a Web browser, you will need to download a free ePub reader. For example if you are using Chrome follow these steps:

- x On the left side of the bookmarks bar, click on the **Apps** button.
- x Install the free App: **MagicScroll eBook Reader**
- x Start the eBook reader and select the textbook to read.
