I. COURSE DESCRIPTION

The basis of the New Institutional Economics (NIE) is that formal institutions, e.g., laws, and informal institutions, e.g. norms and culture, are important determinants of individual and group behavior. Behavior, including contracts, affect socio-economic development. Our initial focus is to understand how institutions lead to different socio

Understanding the Big Picture III

members have the professional responsibility to treat all students with understanding, dignity and respect, to guide classroom discussion and to set reasonable limits on the manner in which they and their students express opinions. Professional courtesy and sensitivity are especially important with respect to individuals and
