

ECONOMICS OF THE PUBLIC SECTOR, ECON 4211-001
Department of Economics, University of Colorado
Fall 2010

Classtime: M,W,F: 1:00-1:50 p.m. Room: ECON 117
Professor: Charles de Bartolome Office: ECON 203
Office hours: M 2:15-3:15 pm; Tu 9:15-10:15am; e-mail: debartol@colorado.edu
Fri 9:15 - 10:15 am.

Textbook: Harvey S. Rosen and Ted Gayer: *Public Finance* (10th edition). McGraw-Hill Irwin.

Course description:

The benchmark model of economics is that markets are “good” at producing and allocating most commodities. However, there are instances when markets do not work we

rich to poor families. The course discusses how the design of a program is determined by the legislators’ objectives and by the extent to which voters are informed. In addition to discussing the justification and design of a government program, the course discusses the financing of the program and the design of the tax structure.

Pre-requisites:

Intermediate Microeconomics, ECON 3070;
Introduction to Statistics with Computer Applications, ECON 3818.

Course Assignments and CULearn:

All course assignments, problem sets and some lecture notes are posted on CULearn whcih may be accessed through cuconnect.colorado.edu .

In the past, some students have had difficulty in downloading some of the posted pdf files. ITS advises that this is due to the large file sizes. ITS recommends that you open the Adobe Acrobat Reader. Then click as: Edit > Preferences> Internet and *uncheck* “Allow Fast Web View”.

Please note that six pages of each Adobe Acrobat file can be printed on a single sheet by clicking as: Print>Properties>Multipage>6

Problem Sets:

Problem sets with answers will be posted for each topic. The problem sets are an integral part of the course. They are designed to help you use the material and a significant part of the exams will loosely follow their format.

In addition, there are many questions at the end of each chapter in the textbook. I encourage you to do these questions and I hope to post the answers for your use.

Attendance at class:

Woody Allen once remarked: "90% of life is just turning up". The best way to learn the material is to attend class. Reading the lecture notes posted on the web is not a good substitute for attendance. Attendance at class is expected and required.

Grading:

There will be a midterm exam, a paper and a final exam. The student's grade (before any adjustment for non-attendance) will be determined as: 45% Midterm, 10% Paper and 45% Final.

Non-attendance at class will be reflected in your grade. Your final score - calculated as explained above under "Grading" - is out of 100 points. For each absence from class after your third absence, your score will be reduced by .5 point. For example, your score from the exams and paper is 76 (out of 100) and in total you missed 6 classes. Your final score which I will use to calculate your grade is $76 - 3(.5) = 74.5$.

Paper timeliness:

It is important that the paper is handed in on the date due (to be announced). If the paper is not handed in by the date due, your course score will be lowered 5%. If the paper is not handed in by the day of the exam, *you will be graded Fail*. If you subsequently hand in the paper within 6 months of the final, your grade will be changed to the grade earned in the midterm, the final and the paper. If you do not subsequently hand in the paper within 6 months of the final, your grade will remain permanently as Fail.

Contributing to the group in the creation of the paper:

There a Ð f Á†"€Öþtribut

participating, I will summon all group members to my office to discuss.

Administrative Drop:

Because attendance is important and is expected, I will drop from the class any student who neither attends one the first three classes of the term nor gets special permission from me for his/her absence.

Exams:

Because this is an advanced course, there is only

www.Colorado.EDU/disabilityservices .

Harassment Policy:

The University of Colorado at Boulder policy on Discrimination and Harassment, the University of Colorado policy on Sexual Harassment and the University of Colorado policy on Amorous Relationships applies to all students, staff and faculty. Any student, staff or faculty member who believes s/he has been the subject of discrimination or harassment based on race, color, national origin, sex, age, disability, religion, sexual orientation, or veteran status should contact the Office of Discrimination and Harassment (ODH) at (303) 492-2127 or the Office of Judicial Affairs at (303) 492-5550. Information about the ODH, the above referenced policies and the campus resources available to assist individuals regarding discrimination or harassment can be obtained at: <http://www.colorado.edu/odh>

Religious Observances:

Campus policy regarding religious observances requires that faculty make every effort to reasonably and fairly deal with all students who, because of religious obligations, have conflicts with scheduled exams, assignments or required attendance. In this class, please let me know in a timely manner if one of the exam dates falls on a religious holiday you intend to observe and I will arrange for you to take a make-up. See policy details at: http://www.colorado.edu/policies/fac_relig.html

Classroom Behavior:

Students and faculty each have responsibility for maintaining an appropriate learning environment. Students who fail to adhere to behavioral standards may be subject to discipline. Faculty have the professional responsibility to treat students with understanding, dignity and respect, to guide classroom discussion and to set reasonable limits on the manner in which students express opinions. Professional courtesy and sensitivity are especially important with respect to individuals and topics dealing with differences in race, culture, religion, politics, sexual orientation, gender variance, and nationalities. Class rosters are provided to the instructor with the student's legal name. I will gladly honor your request to address you by an alternate name or gender pronoun. Please advise me of this preference early in the semester so that I may make appropriate changes to my records. See policies at <http://www.colorado.edu/policies/classbehavior.html> and at http://www.colorado.edu/studentaffairs/judicialaffairs/code.html#student_code

Academic Integrity:

All students of the University of Colorado at Boulder are responsible for knowing and adhering to the academic integrity policy of this institution. Violations of this policy may include: cheating, plagiarism, aid of academic dishonesty, fabrication, lying, bribery, and threatening behavior. All incidents of academic misconduct shall be reported to the Honor Code Council (honor@colorado.edu ; 303-725-2273). Students who are found to be in violation of the academic integrity policy

will be subject to both academic sanctions from the faculty member and non-academic sanctions (including but not limited to university probation, suspension, or expulsion). Other information on the Honor Code can be found at:

<http://www.colorado.edu/policies/honor.html> and at

<http://www.colorado.edu/academics/honorcode/>

Problem Set: Why the lights don't get turned off after class.

Problem Set: Non-excludable public good.

Problem Set: Excludable public good.
