

Course Syllabus

knowledge of basic statistical reasoning and understanding. Further our required econometrics courses build directly off of this course. Finally, this course helps you build a skill that has enormous potential financial return in the marketplace.

The course consists of five closely related parts. The first part of the course introduces ways to explore data using visual and numerical measures. You will learn about summary measures for single variables and we will consider relationships between variables. The second part of the course introduces you to basic probability theory, popular probability distributions, and mathematical expectation. The third part of the course introduces you to sampling distributions and their properties, properties of estimators,

Module 4

Chapter 8 Sampling

Chapter 9 Experiments

Module 5

Chapter 12 Introducing Probability

Chapter 13 General Rules of Probability

Module 6

Chapter 14 Binomial Distributions

Mathematical Expectation

Module 7

Chapter 10 Data Ethics

Chapter 15 Sampling Distributions

Module 8

Chapter 16 Confidence Intervals: The Basics

Chapter 17 Tests of Significance: The Basics

Module 9

Chapter 18 Inference in Practice

Chapter 20 Inference about a Population Mean

Module 10

Chapter 21 Inference Comparing Two Means

Chapter 22 Inference about a Population Proportion

Module 11

Chapter 23 Inference Comparing Two Proportions

your accommodation letter from Disability Services to your faculty member in a timely manner so your needs can be addressed. Contact Disability Services at 303-492-8671 or dsinfo@colorado.edu for further assistance.

If you have a temporary medical condition or required medical isolation for which you require accommodation, contact your professor to ensure that you keep up the required work for the class. Also see [Temporary Medical Conditions](#) on the Disability Services website.

PREFERRED STUDENT NAMES AND PRONOUNS

Please know that faculty and graduate instructors have a responsibility to inform OIEC when they are made aware of incidents related to these policies regardless of when or where something occurred. This is to ensure that individuals impacted receive an
